6 TIPS FOR DECODING YOUR FINANCIAL AID OFFERS

1. The acronyms you need to know

Cost of attendance (COA): an estimate of what one full year of school will cost. It includes tuition, along with room, board, fees, books, and more. Check your school's website for a detailed COA.

Expected Family Contribution (EFC): an estimate that the school uses to determine how much financial aid you could get—the amount you actually pay may be different.

2. You might get a few types of financial aid
Scholarships and grants: free money that you won't have to pay back—seriously!

Work-study: money you earn by working a part-time job through your school
Loans: money you can borrow that you will have to pay back with interest.

3. Remember this equation:

COA - financial aid = what you pay

Do this equation
for every school
on your list.
