## Repaying your student loans: Useful tips

## As you begin to repay your loans, these strategies can help make the process simpler.

## Tips for managing your loans and finances

## Make automatic payments

Sign up for auto debit and you won't need
to worry about late payments. You may also get an interest rate reduction.

Make payments every month
Missing payments, along with deferment or forbearance, will typically cost you more in the long run, due to accruing interest.

Pay a little extra each month
Extra payments may help you pay off your loan faster and lower your total loan cost.

## Create a budget

Track your monthly expenses to help you cut out unnecessary items and pay down your loan(s) even faster.

## Reach out if you need help

Call your loan servicer to discuss your options. Changes to your payment plan may give you some flexibility.

Build an emergency fund
If you can, try to save \$500 to $\$ 1,000$ to cover unexpected expenses.

## Beware of scams

Fraudulent companies might claim to offer easy ways to lower your loan payments and charge you fees. Don't fall for it!

Don't miss important information
Update your post-school account infoaddress, email, phone-with your loan servicers so notices and statements reach you.

## How to find your student loans

Federal student loans: Visit the National Student Loan Data System at StudentAid.gov.
Private education loans: The best resource is to request a copy of your credit report.
(Note: Not all servicers may report their loans, so your credit report may not include all private education loans.)

## Definitions

| Accrued |  |
| :--- | :--- |
| interest | The amount of interest that has <br> been charged to the loan during <br> the billing period. |
| Annual <br> Percentage <br> Rate (APR) | The annual cost of borrowing. <br> This includes interest, fees, <br> premiums, etc., expressed as an <br> annualized percentage rate based <br> on the expected terms-in other <br> words, the amount of time |
| Interest <br> rate | The rate a lender charges you to <br> borrow money. |
| Capitalized <br> interest | Unpaid, accrued interest that's <br> added to your principal amount. |
| Grace <br> period | The amount of time after leaving <br> school when no loan payment is <br> due- typically six months. If you <br> were making in-school payments <br> on your loan, you may need to <br> continue those payments during <br> the grace period. |
| Repayment <br> term | How long you're responsible for <br> making principal and interest <br> payments on your loan. This period <br> generally begins the day after the <br> last day of your grace period. |

## Estimate your monthly loan payment

(1)

Choose either the 10-year or 15-year repayment schedule.

Find the principal amount at the time of repayment that's closest to yours.

Select the APR closest to your loan's rate.

|  |  |  | 3\% APR |  | 5\% APR |  | 7\% APR |  | 8\% APR |  | 9\% APR |  | 11\% APR |  |
